SHAVER TRANSPORTATION TARIFF NO. S-99

The United States' Carriage of Goods by Sea Act (46 USDC. §1300 *et seq.*) is fully incorporated into this agreement and applies at all times the Goods are in the custody and/or under the control of Carrier, including before loading to the vessel, during transportation, through discharge from the vessel, and until delivery. Carrier is not liable for loss/damage to, or in connection with, the Goods in an amount exceeding \$500 per package (or in the event of goods not in packages per customary freight unit), or the equivalent of said sum in other currency, unless a higher release value for the Goods has been declared in writing by Shipper to Carrier prior to loading and inserted on the front of this Bill of Lading and Shipper has paid increased freight resulting from such declaration. No oral declaration or agreement is evidence of a value different from that provided herein. Carrier is not liable to Shipper or any other entity claiming with respect to the Goods, whether for loss, delay, shortage, mis-delivery, failure to deliver or otherwise, in tort, contract or other theory, other than as set forth herein.

2. DEFINITIONS

"Carrier" refers to Shaver Transportation Co. as well as all subcontractors and vessels utilized with respect to the transportation services provided pursuant to this agreement.

"Consignee" refers to the entity identified by Shipper to receive the Goods.

"Entity" refers to all forms of business entities as well as natural persons.

"Goods" refers to those cargoes and items of personal property with respect to which Carrier has been requested to or does perform transportation services pursuant to this agreement, including all packing and packaging of such goods as well as all other items or materials associated with such goods, including without limitation crates, cradles, pallets, containers, etc.

"Package" refers to the largest single unit as to which the Goods are transported, such as a single container, flatbed, platform, trailer, etc., or a single machine or item of equipment, etc., and not the individual contents, boxes, pieces, parts or components thereon, therein or thereof.

"Shipper" refers to the entity engaging Carrier with respect to the Goods and, unless the context herein clearly indicates to the contrary, includes the owner, consignor and consignee of the Goods and all other entities who may have right of claim with respect to the Goods.

3. FREIGHT, CHARGES, PAYMENT, ETC.

Freight is as identified by Carrier in its rate quote, bill of lading, transportation agreement, or tariff, as applicable. In addition to freight, Shipper is responsible for all: assessments, charges, and expenses pursuant to Carrier's bill of lading and/or tariff; dues, taxes, duties, fines and penalties; advances made by Carrier; expenses incurred by virtue of Shipper's acts, omissions, or failure to perform hereunder; and other expenses incurred as a result of any unforeseen or extraordinary circumstance, with respect to the Goods and/or the transportation thereof. Freight and charges based upon inaccurate or incomplete descriptions, instructions, or particulars from Shipper may be recalculated by Carrier at any time.

Freight and all charges are fully and irrevocably earned by Carrier upon tender of the Goods by Shipper to, or commencement of performance by, Carrier, whichever occurs first, and must be paid in advance and prior to delivery unless otherwise agreed in writing by Carrier. All amounts must be paid in U.S. dollars without deduction or offset, with sums which are due but which have not been paid to accrue interest at the rate of one percent (1%) per month from date due until paid in full. Shipper, specifically including all entities identified in the definition of that term, is jointly and severally responsible for the payment of all freight, charges, and other amounts due Carrier hereunder.

Carrier has a lien on the Goods which survives delivery thereof to secure payment of amounts due hereunder; further, Shipper grants Carrier a consensual lien upon all Shipper's cargoes and personal property subsequently in the possession of Carrier to secure payment of such amounts. Carrier may assert its lien rights at any time, withhold delivery until payment is received, and/or hold public or private sale of such goods, cargoes, and/or personal property; in the event of sale, proceeds will first be applied to the costs of sale and then to amounts due Carrier, with the balance, if any, to be remitted to Shipper.

4. HAZARDOUS GOODS

Shipper will identify to Carrier in writing and prior to shipment all goods requiring specialized handling and/or which are dangerous or hazardous in character or nature, and Carrier must specifically assent to undertake the transportation thereof. Shipper will provide complete and accurate information, specifications and handling instructions with respect to any such goods, including safety procedures and emergency contact information, etc. Shipper is responsible for all documentation and compliance with federal, state, and local statutes and regulations applicable to such goods or their transportation, and will certify its compliance with the Department of Transportation's applicable packing, packaging, marking, etc. regulations.

5. DESCRIPTION OF GOODS

Shipper will provide Carrier with, and hereby warrants the accuracy and completeness of, all information, descriptions, particulars, and instructions relating to the Goods, including their nature, characteristics, markings, number, count, weight, dimensions, volume, and quantity as well as any special instructions or conditions applicable to the Goods, upon all of which Carrier is entitled to rely. Shipper will reimburse Carrier for any loss, damage or expense whatsoever resulting from any false, inaccurate, or incomplete information, descriptions, particulars, or instructions provided to Carrier.

SHAVER TRANSPORTATION TARIFF NO. S-99

6. TENDER OF GOODS

Shipper will tender the Goods to Carrier at the time and place identified by Carrier in good order, count, and condition, and packaged, protected, packed, and stowed sufficiently to withstand the rigors of the contemplated transportation services, including, without limitation, transportation by uncovered barge and exposure to weather, moisture, humidity, heat, rolling, pitching and similar barge movements. Carrier may refuse, discharge, store, sell and/or otherwise dispose of any goods which it believes may create a risk of harm to persons and/or property at any time and at Shipper's risk and expense.

7. PERFORMANCE AND LIBERTIES

Carrier has exclusive control over all vessels utilized with respect to the transportation of the Goods. Carrier may call at any port or place to replenish fuel, oil, stores, or other necessities and/or to make repairs. Carrier may deviate in attempt to save life or property at sea, and with respect thereto may leave the vessel and goods thereon in a position reasonably believed to be safe. Carrier has liberty with respect to the routes, procedures, modes, and methods of transportation, including towage or towage in tandem. Carrier will perform hereunder with due diligence, but does not warrant any particular speeds or departure or arrival times or dates. Carrier may subcontract on any terms the whole or any part of the transportation services hereunder, including with its affiliated or related entities.

8. DELIVERY AND CLAIM LIMITATIONS

Carrier will arrange for delivery of the Goods to Consignee at the location identified on this Bill of Lading. Consignee will inspect, receive, and take the Goods as promptly following unloading as is possible during normal working hours. Goods delivered to Consignee, goods tendered to Consignee but refused or otherwise not received by Consignee, goods seized by governmental authority or legal process, goods not delivered due to Shipper's fault (including inaccuracy or inadequacy of instructions or particulars,) and goods not delivered due to causes beyond Carrier's control are nonetheless deemed delivered to and received by Consignee and Carrier's responsibility with respect to such goods thereupon ceases. Any action taken by Carrier with respect to the Goods thereafter will be performed as Shipper's agent and at Shipper's risk and expense.

Unless notice of loss or damage and the general nature thereof is provided to Carrier in writing before or at delivery, delivery is prima facie evidence that the Goods have been delivered as described and in the same good order, count, and condition as when received by Carrier; if loss or damage is not apparent at delivery, such notice must be given within three (3) days of delivery. In any event, Carrier is discharged from all liability with respect to loss or damage to, or in connection with, the Goods unless suit is brought within one (1) year of delivery or date when the Goods should have been delivered.

9. FORCE MAJEURE

Carrier is not liable for loss or damage arising or resulting from unseaworthiness unless caused by Carrier's want of due diligence. Carrier is not responsible for loss or damage arising or resulting from: act, neglect or default of master, mariner, pilot or services of Carrier in the navigation or management of a vessel; fire, unless caused by the actual fault or private of Carrier; perils, dangers and accidents of the sea or other navigable waters; act of God; act of war; act of public enemies (including terrorism); arrest or restraint of princes, rulers or people, or seizure under legal process; quarantine restrictions; act or omission of Shipper, its agent or representative; strikes, lockouts or stoppage or restraint of labor from whatever cause, whether partial or general; riots and civil commotions; saving or attempting to save life or property at sea; wastage in bulk or weight or any other loss or damage arising from inherent defect, quality or vice of the Goods; insufficiency of packing; inadequacy of marks; latent defects not discoverable by due diligence; and any other cause arising without the actual fault and privity of Carrier.

10. NEW JASON/GENERAL AVERAGE

General average will be adjusted, stated, and settled according to York-Antwerp Rules 1994, excluding Rule B thereof, at a port or place selected by Carrier, and as to matters not provided for by said Rules according to the laws and usage of the Port of Portland, Oregon, with a tug and barge(s) not deemed involved in a common maritime adventure unless each such vessel is actually and directly exposed to a common peril; vessel is not in common peril with another if by disconnecting it is in a position of safety or ceases to be actually and directly exposed to such peril. For purposes of said Rules, the parties acknowledge that the Goods are carried in accordance with the recognized custom of the trade.

To the extent required by Carrier, average agreement, bond, and additional security will be furnished by Shipper prior to the discharge or release of the Goods. Any cash deposit is payable in U.S. currency, remitted to an average adjuster of Carrier's choosing, and held in a special account in the adjuster's name, with interest thereon to become a part thereof pending settlement of general average. In the event of accident, danger, damage, or disaster, before or after commencement of voyage, resulting from any cause whatsoever, whether due to negligence or not, for which or for the consequences of which Carrier is not responsible by statute, contract, or otherwise, the Goods and Shipper will contribute with Carrier and the vessel(s) in general average to the payment of any sacrifices, losses, or expenses of a general average nature that may be made or incurred, and will pay salvage and special charges incurred with respect to the Goods. If a salving ship is owned or operated by Carrier, salvage is paid for as if such salving ship belonged to strangers.

11. BOTH TO BLAME COLLISIONS

In the event of loss/damage to Goods resulting from collision, if the vessels or either of them should collide or come into contact with another ship or object as a result of the negligence of the other ship or object and any act, neglect or default of master, mariners, pilot or servants of Carrier in the navigation, management or maintenance of the vessel(s), Shipper indemnifies Carrier and the vessels from and against all loss and liability to the other or non-carrying ship, her owners and any third parties insofar as such loss and liability

SHAVER TRANSPORTATION TARIFF NO. S-99

represents a loss of, damage to or any claim whatsoever of Shipper, the owners of the Goods and/or their underwriters, paid or payable by the other or non-carrying ship, her owners or third parties to Shipper, the owners of the Goods or their underwriters and set off, recouped or recovered by the other or non-carrying ship, her owners or any third parties as a part of their claim(s) against Carrier and/or the vessels. The foregoing applies when the owners, operators, or those in charge of any ship or object other than or in addition to those colliding are at fault with respect to such collision or contact.

12. CONSEQUENTIAL DAMAGES

Carrier is not liable for any indirect, consequential, or special damages of any type or nature whatsoever and howsoever arising, including, without limitation, loss of profits, loss of income, loss of business opportunity, business interruption, loss or use or loss of ability to use undamaged component or system parts, whether resulting from negligence, breach of contract or otherwise, and regardless of whether such damages may have been foreseeable.

13. LIMITATION OF LIABILITY

This agreement is not a personal contract, and does not otherwise operate to deny Carrier the benefit of all limitations upon and exemptions from liability afforded to vessel owners by statute, regulation, or rule of law.

14. EXTENSION OF BENEFITS

All exceptions to, exemptions from, defenses to, immunities from, and limitations upon liability granted to Carrier by operation of this agreement or applicable law is automatically extended to: all lawful business entities parent to, subsidiary of, affiliated with or under the management or control of Carrier, including their respective shareholders, members, managers, officers, directors, employees, and agents; all subcontractors of Carrier utilized with respect to the transportation services, including their respective shareholders, members, managers, officers, directors, employees, and agents; and all vessels utilized with respect to the transportation services, including their respective owners, managers, operators, demise charterers, masters, officers, and crewmembers.

15. LAW AND FORUM

The general maritime law of the United States applies to this agreement and performance hereunder to the extent there is a specific general maritime rule of law, but otherwise the laws of the State of Oregon apply. Any suit relating to this agreement or performance hereunder must be filed in, and the parties consent to the exclusive jurisdiction of, the state or federal court located in Portland, Oregon, with the substantially prevailing party entitled to recover its reasonable legal fees and costs.

16. COUNTERPARTS AND EXECUTION

This Bill of Lading may be executed in counterparts or by facsimile, with a facsimile signature deemed equivalent to an original signature. This Bill of Lading may be executed by agents or representatives of the parties; upon Shipper's consent, verbal or otherwise, Carrier may sign for and on behalf of Shipper as its agent for said limited purpose. Upon tender of the Goods to Carrier, Shipper is deemed to have consented to the terms and conditions set forth herein, regardless of whether Carrier's Bill of Lading was actually issued to or executed by Shipper.

17. ENTIRE AGREEMENT

This Bill of Lading and any rate quote, transportation agreement, load confirmation, delivery receipt, invoice and/or other document issued by Carrier with respect to the Goods, and Carrier's tariff, constitutes the entire agreement between the parties and supersedes all prior and contemporaneous communications and agreements, whether oral or written. This agreement supersedes any document issued by or through any entity other than Carrier, including any Bill of Lading or other document from Shipper. The headings used herein are for reference only, and are not sustentative. This agreement will be construed neutrally, and as the mutual assent of both parties, rather than for or against either party. This agreement may not be altered or amended except through a written instrument executed by Carrier.
